## PROFILE

As a dynamic professional with a passion for web development and a background in Big Data, I excel in creating user-centric, engaging websites. With 3 years in the tech industry, I have honed my skills in data analysis, automation, and delivering impactful insights. My technical contributions have modernized state authority systems and enhanced website usability. I am eager to focus my career on frontend development roles, leveraging my expertise to craft seamless and visually appealing digital experiences.

## FULL STACK DEVELOPMENT PROGRAM

**100% | Full-time Homeoffice**

DBE Academy | Stuttgart | Februar 2024 - August 2024

Participating in a focused Full Stack Development program, mastering web development foundations and tools. Gained practical skills in web hosting, responsive design with HTML5 and CSS3, and scripting with JavaScript, jQuery, and PHP. Developed front-end interfaces with Bootstrap, managed MySQL databases, and built web applications with APIs. Managed project lifecycles, utilized Git for version control, applied Docker for virtualization, ensured web security, and used cloud services. Advanced my front-end skills with React.

## PRICING ANALYST

**100% | Full-time Homeoffice**

Europcar Mobility Group | Hamburg | May 2023 - Januar 2024

- Worked closely with Operations, Marketing, and Sales teams to develop integrated pricing strategies based on market analysis and customer feedback, enhancing cross-functional collaboration and strategic alignment
- Developed specific pricing strategies for international customers, taking into account currency differences, local market conditions, and international trade regulations
- Generated and analyzed reports from Business Objects, making data-driven decisions to optimize business strategies
- Analyzed and closed approximately 100,000 inactive customer accounts to maintain data quality and operational efficiency
- Conducted weekly and monthly meetings across various customer segments, streamlining communication and strategy planning
- Redesigned pricing structures and created promotional campaigns, utilizing key KPIs and dashboards for monitoring and analysis
- Partnered with Deloitte on the development of a new pricing tool, enhancing the company's pricing capabilities and strategies
- Received advanced training in Qlik Sense and played a leading role in its implementation and usage within the organization
